Sara Domer	Township Deputy Clerk

FINANCIAL SECTION

SPRING LAKE TOWNSHIP SCOTT COUNTY, MINNESOTA

FOR THE YEAR ENDED DECEMBER 31, 2018

INDEPENDENT AUDITOR'S REPORT

Chairman and Board of Supervisors Spring Lake Township Scott County, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Spring Lake Township, Scott County, Minnesota (the Township), as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Township as of December 31, 2018, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General and Road and Bridge funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis starting on page 15 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township's basic financial statements. The introductory section and combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

bdo Eich & Mayro, LLP

In accordance with *Government Auditing Standards*, we have also issued our report dated March 6, 2019 on our consideration of the Township's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the township's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control over financial reporting and compliance.

ABDO, EICK & MEYERS, LLP Minneapolis, Minnesota

March 6, 2019

Management's Discussion and Analysis

As management of the Spring Lake Township, Scott County, Minnesota, (the Township), we offer readers of the Township's financial statements this narrative overview and analysis of the financial activities of the Township for the fiscal year ended December 31, 2018.

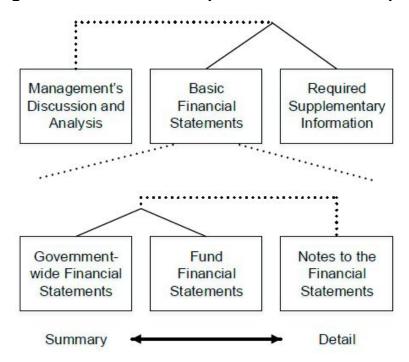

Financial Highlights

- The assets of the Township exceeded its liabilities at the close of the most recent fiscal year by \$8,235,830 (net position). Of this amount, \$1,606,317 (unrestricted net position) may be used to meet the Township's ongoing obligations to citizens and creditors.
- The Township's total net position increased by \$2,747,708. This was largely due to the addition of County Road's 81 and 87 to township capital assets.
- As of the close of the current fiscal year, the Township's governmental funds reported combined ending fund balances of \$1,860,964, an increase of \$205,529 in comparison with the prior year. This was largely due to the Road and Bridge fund.
- The Township's total noncurrent liabilities decreased by \$441,068 during the current fiscal year. This was due to scheduled payments on bonds and capital leases outstanding.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Township's basic financial statements. The Township's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplemental information in addition to the basic financial statements themselves. The following chart shows how the required parts of this annual report are arranged and relate to one another:

Organization of the Township's Annual Financial Report

The following chart summarizes the major features of the Township's financial statements, including the portion of the Township's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

Major Features of the Government-wide and Fund Financial Statements

	Fund Financial Statements							
	Government-wide Statements	Governmental Funds	Proprietary Funds	Fiduciary Funds				
Scope	Entire Township government (except fiduciary funds) and the Township's component units	The activities of the Township that are not proprietary or fiduciary, such as fire and parks	Activities the Township operates similar to private businesses, such as the community sewer system	Instances in which the Township administers resources on behalf of someone else, such as developers				
Required financial statements	 Statement of Net Position Statement of Activities 	 Balance Sheet Statement of Revenues, Expenditures, and Changes in Fund Balances 	 Statements of Net Position Statements of Revenues, Expenses and Changes in Fund Net Position Statements of Cash Flows 	Statement of fiduciary net position				
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus				
Type of asset/liability information	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included	All assets and liabilities, both financial and capital, and short-term and long-term	N/A				
Type of deferred outflows/ inflows of resources information	All deferred outflows/inflows of resources, regardless of when cash is received or paid	Only deferred outflows of resources expected to be used up and deferred inflows of resources that come due during the year or soon thereafter	All deferred outflows/inflows of resources, regardless of when cash is received or paid.	N/A				
Type of inflow/ outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable	All revenues and expenses during the year, regardless of when cash is received or paid	All additions and deductions during the year, regardless of when cash is received or paid				

Government-wide Financial Statements. The Government-wide financial statements are designed to provide readers with a broad overview of the Township's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the Township's assets and liabilities, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Township is improving or deteriorating.

The statement of activities presents information showing how the Township's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

Both of the government-wide financial statements distinguish functions of the Township that are principally supported by taxes and intergovernmental revenue (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the Township include general government, public safety, public works, culture and recreation, and interest on long-term debt. The business-type activities of the Township include Ben's Bay SSD, South Shore Drive SSD, and Lydia Subordinate Service District.

The government-wide financial statements start on page 27 of this report.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Township, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Township can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact by the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Township maintains six individual governmental funds, three of which are Debt Service funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General, Road and Bridge, Debt Service, and Park funds - of which all are considered to be major funds.

The Township adopts an annual appropriated budget for its General fund and the Road and Bridge funds. A budgetary comparison statement has been provided for the General and Road and Bridge funds to demonstrate compliance with this budget. The Township does not budget the Park special revenue fund because it is not legally required to do so.

The basic governmental fund financial statements start on page 32 of this report.

Proprietary Funds. The Township maintains one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Township uses enterprise funds to account for its Ben's Bay SSD community septic system, street lights and lift stations to the South Shore Drive SSD project area, and community lighting in the town of Lydia.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide information for all three proprietary funds, all of which are nonmajor funds.

The basic proprietary fund financial statements start on page 38 of this report.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the Township. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are not available to support the Township's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements start on page 41 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements start on page 43 of this report.

Other Information. The combining statements referred to earlier in connection with non-major proprietary funds are presented following the notes to the financial statements. Combining and individual fund statements and schedules start on page 57 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Township, assets exceeded liabilities by \$8,235,830 at the close of the most recent fiscal year.

A significant portion of the Township's net position (69.2 percent) reflects its investment in capital assets (e.g., land, buildings, infrastructure); less any related debt used to acquire those assets that are still outstanding. The Township uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Township's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Spring Lake Township's Summary of Net Position

	Go	vernmental Activi	ties	Business-type Activities				
	2018	2017	Increase (Decrease)	2018	2017	Increase (Decrease)		
Assets			(200.000)			(200:000)		
Current and other assets	\$ 2,778,837	\$ 2,791,631	\$ (12,794)	\$ 71,715	\$ 64,267	\$ 7,448		
Capital assets (net of depreciation)	7,047,945	4,731,223	2,316,722	105,000	116,250	(11,250)		
Total Assets	9,826,782	7,522,854	2,303,928	176,715	180,517	(3,802)		
Liabilities								
Noncurrent liabilities outstanding	1,715,374	2,156,442	(441,068)	-	-	_		
Current and other liabilities	51,885	58,410	(6,525)	408	397	11		
Total Liabilities	1,767,259	2,214,852	(447,593)	408	397	11		
Net Position								
Net investment in capital assets	5,592,343	2,917,940	2,674,403	105,000	116,250	(11,250)		
Restricted for				•	,	, , ,		
Debt service	659,181	894,509	(235,328)	-	-	-		
Storm water emergency	10,000	10,000	-	-	-	-		
Future street improvements	262,989	114,326	148,663	-	-	-		
Unrestricted	1,535,010	1,371,227	163,783	71,307	63,870	7,437		
Total Net Position	\$ 8.059.523	\$ 5.308.002	\$ 2.751.521	\$ 176.307	\$ 180.120	\$ (3,813)		
Storm water emergency Future street improvements	10,000 262,989	10,000 114,326	148,663 163,783	71,307 \$ 176,307	63,870 \$ 180,120			

An additional portion of the Township's net position, (11.3 percent), represents resources that are subject to external restrictions on how they may be used. The remaining balance of *unrestricted net position* \$1,606,317 may be used to meet the Township's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the Township is able to report a positive balance in all three categories of net position, for the Township as a whole, as well as for its separate governmental and business-type activities.

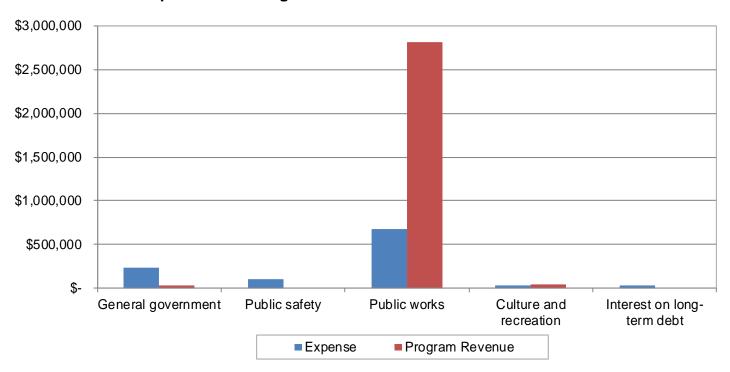

Governmental Activities. Governmental activities increased the Township's net position by \$2,751,521, thereby accounting for the entire growth in the net position of the Township. The following table summarizes the changes in net position.

Spring Lake Township's Changes in Net Position

			ities	Business-type Activities				
		Increase			• •	Increase

The following graph depicts various governmental activities and shows the revenue and expenses directly related to those activities.

Expenses and Program Revenues - Governmental Activities

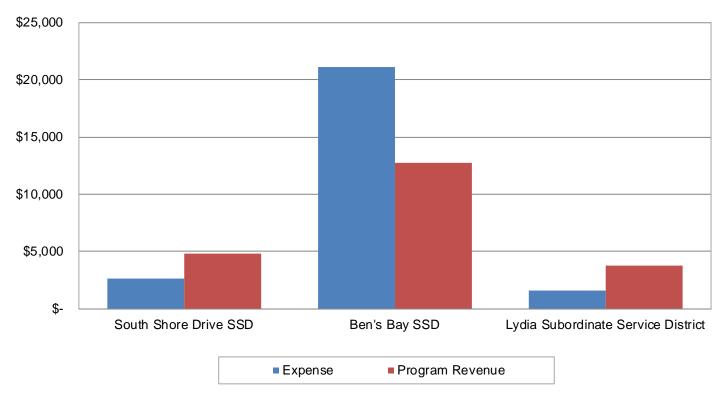

Revenues by Source - Governmental Activities

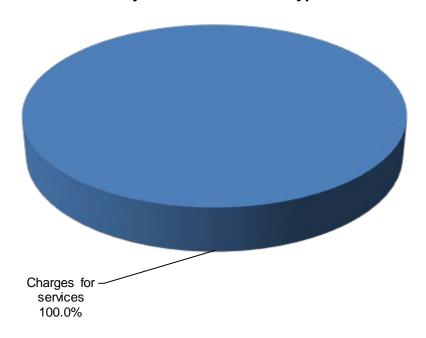

Business-type Activities. Business-type activities decreased the Township's net position by \$3,813.

Expenses and Program Revenues - Business-type Activities

Revenues by Source - Business-type Activities

Financial Analysis of the Township's Funds

As noted earlier, the Township uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: The focus of the Township's *governmental funds* is to provide information on near-term inflows, outflows and balances of *spendable* resources. Such information is useful in assessing the Township's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Township's governmental funds had combined ending fund balances of \$1,860,964, an increase of \$205,529 in comparison with the prior year. Approximately 12.8 percent of this total amount, \$237,841, constitutes a deficit *unassigned fund balance*, which is not available for spending. The remainder of fund balance is composed of the following classifications: 1) nonspendable for prepaid items and advances to other funds (\$621,511), 2) restricted for debt service (\$109,100), storm water emergency (\$10,000), and future street improvements (\$366,115) and 3) committed for road maintenance and capital projects (\$992,079).

Activity of the Township's major funds is discussed below.

	Fund Balance December 31,					Increase			
Major Funds		2018		2017	([(Decrease)			
General The General fund is the chief operating fund of the Township. The i	\$ ncre	1,008,269 ease in the Ge	\$ enera	972,049 Il fund is more	\$ e than	36,220 n budgeted.			
As a measure of the General fund's liquidity, it may be useful to compare the cash balance to the following year's budget. The cash balance is 112 percent of next year's budgeted expenditures.									
Road and Bridge The increase in the Road and Bridge fund was anticipated in the bu		1,358,194 t for future pro		1,027,539 s.	\$	330,655			
Park The decrease in the Park fund was due to payments made on the co	\$ apita	(614,599) al lease in 20	\$ 18.	(558,397)	\$	(56,202)			
Debt Service The decrease in the Debt Service fund was a result of payment of p	\$ orinc	109,100 ipal and intere	\$ est d	214,244 uring the year	\$ r.	(105,144)			

Proprietary Funds. The Township's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net position of the enterprise funds at the end of the year amounted to \$71,307. Other factors related to the finances of this fund have already been addressed in the discussion of the Township's business-type activities.

General Fund Budgetary Highlights

The Township's General fund budget was not amended during the year, anticipating a decrease of \$99,432 to fund balance. Revenues were over budget by \$28,630, expenditures were under budget by \$20,109, and transfers varied from budget by \$86,913 as a result of cash loaned to the Park fund for its portion of debt service.

Road and Bridge Fund Budgetary Highlights

The budget for the Township's Road and Bridge fund was not amended during the year, anticipating an increase of \$128,602 to the fund balance. The actual change in fund balance was an increase of \$330,655. This is related to planning for future projects.

Capital Assets and Debt Administration

Capital Assets: The Township's capital assets for its governmental and business-type activities amounts to \$7,152,945 (net of accumulated depreciation) as of December 31, 2018. These capital assets include land, buildings, improvements, and roads. The total increase in the Township's capital assets for the current fiscal year was 47.6 percent.

There were two major additions of infrastructure from Scott County for County Road 81 and 87.

Spring Lake Township's Capital Assets (Net of Depreciation)

Governmental Activities **Business-type Activities** Increase Increase 2018 2017 (Decrease) 2018 2017 (Decrease) \$ \$ \$ \$ 8,477 \$ 8,477 60,000 60,000 Land Construction in Progress **Buildings** 1,163,283 1,193,546 (30,263)3,522,596 Infrastructure 5.870.433 2,347,837 45.000 56.250 (11.250)Equipment 5,752 6,604 (852)(11,250)Total \$ 7,047,945 \$ 4,731,223 \$ 2,316,722 \$ 105,000 116,250

Additional information on the Township's capital assets can be found in Note 3B starting on page 50 of this report.

Long-term Debt. At the end of the current fiscal year, the Township had total bonded debt outstanding of \$1,660,000. While all of the Township's bonds have revenue streams, they are all backed by the full faith and credit of the Township.

Spring Lake Township's Outstanding Debt

	Go	vernmental Activ	vities	Business-type Activities					
	2018			Increase (Decrease) 2018 20		Increase (Decrease)

Total	\$ 1,715,374	\$ 2,156,442	\$ (441,068)	\$ -	\$ -	\$ -			

Additional information on the Township's long-term debt can be found in Note 3D starting on page 51 of this report.

Economic Factors and Next Year's Budgets and Rates

- The Road and Bridge fund budget for 2019 includes an estimate of road maintenance costs as well as anticipation of upcoming road improvement projects.
- The General fund budget process anticipates annual operating costs based on prior year actual costs, obligations and estimated fees for various services.

Requests for Information

This financial report is designed to provide a general overview of the Township's finances for all those with an interest in the Township's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Town Hall, Township Treasurer, 20381 Fairlawn Avenue, Prior Lake, Minnesota 55372.

Reconciliation of the Balance Sheet to the Statement of Net Position Governmental Funds December 31, 2018

Amounts reported for governmental activities in the statement of net position are different because

Total Fund Balances - Governmental Funds	\$ 1,860,964
Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds.	
Cost of capital assets	9,213,340
Less: accumulated depreciation	(2,165,395)
Noncurrent liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported as liabilities in the funds.	
Noncurrent liabilities at year-end consist of	(2.646)
Special assessments payable	(2,646)
Bond principal payable	(1,660,000)
Plus unamortized premium on bonds	(52,728)
Some receivables are not available soon enough to pay for the current period's expenditures, and therefore are reported as unavailable revenue in the funds.	
Taxes	14,839
Special assessments	866,742
Governmental funds do not report a liability for accrued interest until due and payable.	 (15,593)
Total Net Position - Governmental Activities	\$ 8,059,523

Reconciliation of the Statement of Revenues, Expenditures and
Changes in Fund Balances
to the Statement of Activities
Governmental Funds
For the Year Ended December 31, 2018

Amounts reported for governmental activities in the statement of activities are different because

Net Change in Fund Balances - Governmental Funds	\$	205,529
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over the estimated useful lives as depreciation exper Depreciation expense Capital Contribution	ise.	(295,335) 2,612,057
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.		
Principal repayments Amortization of bond premium		430,000 9,178
Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due.		5,613
Certain revenues are recognized as soon as they are earned. Under the modified accrual basis of accounting, certain revenues cannot be recognized until they are available to liquidate liabilities of the current period.		
Special assessments Property taxes		(220,619) 5,098
Change in Net Position - Governmental Activities	\$	2,751,521

Note 1: Summary of Significant Accounting Policies

A. Reporting Entity

Spring Lake Township, Scott County, Minnesota (the Township), is organized and governed by the standard structure of three Supervisors, one Clerk, and one Treasurer. The three Supervisors are elected by eligible voters of the Township, while the Clerk and Treasurer are appointed by the Board.

The Township has considered all potential units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the Township are such that exclusion would cause the Township's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the primary government to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the primary government. The Township has no component units.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Amounts reported as *program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting.* Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Township considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the Township.

Note 1: Summary of Significant Accounting Policies (Continued)

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available.

Non-exchange transactions, in which the Township receives value without directly giving equal value in return, include property taxes, grants, entitlement and donations. On an accrual basis, revenue from property taxes is recognized in the year for which the tax is levied. Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the Township must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Township on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements are met are also recorded as unearned revenue.

The Township reports the following major governmental funds:

The *General fund* is the Township's primary operating fund. It accounts for all financial resources of the Township, except those required to be accounted for in another fund.

The Road and Bridge fund accounts for resources accumulated and payments made related to road maintenance and snow removal. Major revenue sources include property taxes, intergovernmental highway user tax, and special assessments.

The Park fund accounts for the operations of the Township's parks. Major revenue sources are park dedication fees.

The *Debt Service fund* accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

Additionally, the Township reports the following fund types:

Enterprise funds account for activity that is expected to be financed through user fees and charges.

Fiduciary funds account for assets held by the Township in a trustee capacity or as an agent on behalf of others.

The *Escrow* agency fund is custodial in nature and does not present results of operations or have a measurement focus. Agency funds are accounted for using the modified accrual basis of accounting. This fund is used to account for assets that the Township holds for others in an agency capacity.

As a general rule, the effect of interfund activity has been eliminated from government-wide financial statements.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Township enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 1: Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities, Deferred Inflows of Resources and Net Position / Fund Balance

Deposits and Investments

The Township's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. The proprietary funds' portion in the government-wide cash and temporary investments pool is considered to be cash and cash equivalents for purposes of the Statements of Cash Flows.

Cash balances from all funds are pooled and invested, to the extent available, in certificates of deposit and other authorized investments. Earnings from such investments are allocated on the basis of applicable participation by each of the funds. The Township does not have a formal investment policy.

The Township may also invest idle funds as authorized by Minnesota statutes, as follows:

- 1. Direct obligations or obligations guaranteed by the United States or its agencies.
- 2. Shares of investment companies registered under the Federal Investment Company Act of 1940 and received the highest credit rating, rated in one of the two highest rating categories by a statistical rating agency, and have a final maturity of thirteen months or less.
- 3. General obligations of a state or local government with taxing powers rated "A" or better; revenue obligations rated "AA" or better.
- 4. General obligations of the Minnesota Housing Finance Agency rated "A" or better.
- 5. Obligation of a school district with an original maturity not exceeding 13 months and (i) rated in the highest category by a national bond rating service or (ii) enrolled in the credit enhancement program pursuant to statute section 126C.55
- 6. Bankers' acceptances of United States banks eligible for purchase by the Federal Reserve System.
- 7. Commercial paper issued by United States banks corporations or their Canadian subsidiaries, of highest quality category by at least two nationally recognized rating agencies, and maturing in 270 days or less.
- 8. Repurchase or reverse repurchase agreements and securities lending agreements with financial institutions qualified as a "depository" by the government entity, with banks that are members of the Federal Reserve System with capitalization exceeding \$10,000,000, a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York, or certain Minnesota securities broker-dealers.
- 9. Guaranteed Investment Contracts (GIC's) issued or guaranteed by a United States commercial bank, a domestic branch of a foreign bank, a United States insurance company, or its Canadian subsidiary, whose similar debt obligations were rated in one of the top two rating categories by a nationally recognized rating agency.

Property Taxes

The Township levy is adopted annually by the town electors at their Annual Town Meeting. The levy is then certified with the County for collection the following year. The County is responsible for collecting all property taxes for the Township. These taxes attach an enforceable lien on taxable property within the Township on January 1 and are payable by the property owners in two installments. The taxes are collected by the County Auditor and tax settlements are made to the Township during January, June and December each year.

Delinquent taxes receivable include the past six years' uncollected taxes. Delinquent taxes have been offset by a deferred inflow of resources for taxes not received within 60 days after year end in the governmental fund financial statements.

Note 1: Summary of Significant Accounting Policies (Continued)

Accounts Receivable

Accounts receivable include amounts billed for services provided before year end. The Township annually certifies delinquent charges to the County for collection in the following year. Therefore, there has been no allowance for doubtful accounts established.

Special Assessments

Special assessments represent the financing for public improvements paid for by benefiting property owners. These assessments are recorded as receivables upon certification to the County. Special assessments are recognized as revenue when they are received in cash or within 60 days after year end. All governmental special assessments receivable are offset by a deferred inflow of resources in the governmental fund financial statements.

Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a nonspendable fund balance in the General fund to indicate that they are not available for appropriation and not expendable available financial resources.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the Township as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year.

Pursuant to GASB 34, paragraph 148, the Township chose not to report general infrastructure asset retrospectively. General infrastructure assets consist of those constructed or accepted since January 1, 2004. As the Township constructs or acquires capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or extend its useful life beyond the original estimate. Donated capital assets are recorded at acquisition value at the date of donation.

Property, plant and equipment will be depreciated using the straight-line method over the following estimated useful lives:

	Useful Lives
Assets	in Years
Building and Structures	20 to 50
Distribution System	50
Roads	25
Machinery and Equipment	3 to 20

Note 1: Summary of Significant Accounting Policies (Continued)

Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. The recognition of bond premiums and discounts are amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as an expense in the period incurred.

In the fund financial statements, governmental fund types recognized bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Inflows of Resources

In addition to liabilities, the statement of net position and fund financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Township has only one type of item, which arises only under a modified accrual basis of accounting that qualifies as needing to be reported in this category. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources: taxes and special assessments. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

Fund Balance

In the fund financial statements, fund balance is divided into five classifications based primarily on the extent to which the Township is bound to observe constraints imposed upon the use of resources reported in the governmental funds. These classifications are defined as follows:

Nonspendable - Amounts that cannot be spent because they are not in spendable form, such as prepaid items and advance to other funds.

Restricted - Amounts related to externally imposed constraints established by creditors, grantors or contributors; or constraints imposed by state statutory provisions.

Committed - Amounts constrained for specific purposes that are internally imposed by formal action (resolution) of the Board, which is the Township's highest level of decision-making authority. Committed amounts cannot be used for any other purpose unless the Board modifies or rescinds the commitment by resolution.

Assigned - Amounts constrained for specific purposes that are internally imposed. In governmental funds other than the General fund, assigned fund balance represents all remaining amounts that are not classified as nonspendable and are neither restricted nor committed. In the General fund, assigned amounts represent intended uses established by the Board itself or by an official to which the governing body delegates the authority. The Board has adopted a fund balance policy which delegates the authority to assign amounts for specific purposes to the Treasurer.

Unassigned - The residual classification for the General fund and also negative residual amounts in other funds.

The Township considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available. Additionally, the Township would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The Township has formally adopted a fund balance policy for the General fund. The Township's policy is to maintain a minimum unrestricted fund balance of 45-60 percent of the next year's budgeted expenditures.

Note 1: Summary of Significant Accounting Policies (Continued)

Net Position

Net position represents the difference between assets and liabilities. Net position is displayed in three components:

- a. Net investment in capital assets Consists of capital assets, net of accumulated depreciation reduced by any outstanding debt attributable to acquire capital assets.
- b. Restricted net position Consists of net position restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, laws or regulations of other governments.
- c. Unrestricted net position All other net position that do not meet the definition of "restricted" or "net investment in capital assets".

When both restricted and unrestricted resources are available for use, it is the Township's policy to use restricted resources first, then unrestricted resources as they are needed.

Note 2: Stewardship, Compliance and Accountability

A. Budgetary Information

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for the General and the Road and Bridge funds. The Township does not budget the Park fund because it is not legally required to do so. All annual appropriations lapse at fiscal year-end. The Township does not use encumbrance accounting.

In August of each year the proposed budget is prepared by the Board and management. The final budget is prepared and adopted by the Board at the monthly Board meeting immediately following approval of the levy by the town electors.

The appropriated budget is prepared by fund. Transfers of appropriations between funds require the approval of the Board. The legal level of budgetary control is the fund level. Budgeted amounts are as originally adopted. There were no budget amendments made during 2018.

B. Deficit Fund Equity

The Park fund had a deficit at December 31, 2018 of \$614,599. The Township plans to fund this deficit with future revenues from park fees and contributions.

Note 3: Detailed Notes on All Funds

A. Deposits

Custodial credit risk for deposits and investments is the risk that in the event of a bank failure, the Township's deposits may not be returned or the Township will not be able to recover collateral securities in the possession of an outside party. In accordance with Minnesota statutes and as authorized by the Board, the Township maintains deposits at those depository banks, all of which are members of the Federal Reserve System.

Minnesota statutes require that all Township deposits be protected by insurance, surety bond, or collateral. The market value of collateral pledged must equal 110 percent of the deposits not covered by insurance, bonds, or irrevocable standby letters of credit from Federal Home Loan Banks. Authorized collateral in lieu of a corporate surety bond includes:

- United States government Treasury bills, Treasury notes, Treasury bonds;
- Issues of United States government agencies and instrumentalities as quoted by a recognized industry quotation service available to the government entity;
- General obligation securities of any state or local government with taxing powers which is rated "A" or better by a national bond rating service, or revenue obligation securities of any state or local government with taxing powers which is rated "AA" or better by a national bond rating service;
- General obligation securities of a local government with taxing powers may be pledged as collateral against funds deposited by that same local government entity;
- Irrevocable standby letters of credit issued by Federal Home Loan Banks to a municipality accompanied by
 written evidence that the bank's public debt is rated "AA" or better by Moody's Investors Service, Inc., or Standard
 & Poor's Corporation; and
- Time deposits that are fully insured by any federal agency.

Minnesota statutes require that all collateral shall be placed in safekeeping in a restricted account at a Federal Reserve Bank, or in an account at a trust department of a commercial bank or other financial institution that is not owned or controlled by the financial institution furnishing the collateral. The selection should be approved by the Township.

At year end, the Township's carrying amount of deposits was \$1,959,906 and the bank balance was \$1,964,012. Of the bank balance, \$500,000 was covered by federal depository insurance. The remaining balance was covered by collateral held by the pledging financial institution's trust department in the Township's name.

A reconciliation of cash and temporary investments as shown on the statement of net position for the Township follows:

Carrying Amount of Deposits	\$ 1,959,906
Cash and Temporary Investments	
Statement of Net Position	\$ 1,932,123
Statement of Fiduciary Net Position	27,783
Total Cash and Temporary Investments	\$ 1,959,906

Note 3: Detailed Notes on All Funds (Continued)

B. Capital Assets

Capital asset activity for the year ended December 31, 2018 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance	
Governmental Activities					
Capital Assets not Being Depreciated					
Land	\$ 8,477	\$ -	\$ -	\$ 8,477	
Capital Assets Being Depreciated					
Buildings	1,493,140	-	-	1,493,140	
Infrastructure	5,091,145	2,612,057	-	7,703,202	
Equipment	8,521			8,521	
Total Capital Assets					
Being Depreciated	6,592,806	2,612,057		9,204,863	
Less Accumulated Depreciation for					
Buildings	(299,594)	(30,263)	-	(329,857)	
Infrastructure	(1,568,549)	(264,220)	-	(1,832,769)	
Equipment	(1,917)	(852)	-	(2,769)	
Total Accumulated					
Depreciation	(1,870,060)	(295,335)		(2,165,395)	
Total Capital Assets					
Being Depreciated, Net	4,722,746	2,316,722		7,039,468	
Governmental Activities					
Capital Assets, Net	\$ 4,731,223	\$ 2,316,722	\$ -	\$ 7,047,945	

Depreciation expense was charged to functions/programs of the governmental activities as follows:

Governmental Activities		
General government		
Public works		

29,581 265,228 526

Total Depreciation Expense - Governmental Activities

Culture and recreation

\$ 295,335

Note 3: Detailed Notes on All Funds (Continued)

	Beginning Balance	Increases	Decreases	Ending Balance
Business-type Activities Capital Assets not Being Depreciated Land	\$ 60,000	\$ -	\$ -	\$ 60,000
Capital Assets Being Depreciated Infrastructure	225,000			225,000
Less Accumulated Depreciation for Infrastructure	(168,750)	(11,250)		(180,000)
Total Capital Assets Being Depreciated, Net	56,250	(11,250)		45,000
Business-type Activities Capital Assets, Net	\$ 116,250	\$ (11,250)	\$ -	\$ 105,000

Depreciation expense of \$11,250 is all in Ben's Bay SSD Fund.

C. Interfund Receivables, Payables and Transfers

Interfund Balances

There is an interest-free interfund loan outstanding between the General fund to the Park fund for \$619,599 to cover the Park fund's share of debt service payments.

D. Long-term Debt

General Obligation (G.O.) Bonds

The Township issues G.O. bonds to provide funds for the acquisition and construction of major capital facilities. G.O. bonds have been issued for governmental activities. G.O. bonds are direct obligations and pledge the full faith and credit of the Township. G.O. bonds currently outstanding are as follows:

Description	Authorized and Issued	Interest Rate	Issue Date	Maturity Date	Balance at Year End
G.O. Bonds, Series 2015A	\$ 920,000	3.00 %	08/05/15	02/01/26	\$ 765,000

Note 3: Detailed Notes on All Funds (Continued)

The annual debt service requirements to maturity for G.O. bonds at December 31, 2018 are as follows:

Year Ending	Governmental Activities						
December 31,	Prir	ncipal	<u> </u>	nterest		Total	
2019	\$	85,000	\$	21,675	\$	106,675	
2020		90,000		19,050		109,050	
2021		90,000		16,350		106,350	
2022		95,000		13,575		108,575	
2023		95,000		10,725		105,725	
2024-2026		310,000		14,100		324,100	
Total	\$ 7	765,000	\$	95,475	\$	860,475	

G.O. Revenue Bonds

The following bond issues will be repaid with special assessments from governmental activities and are backed by the taxing power of the Township:

Description	Authorized and Issued	_		Maturity Date	_	alance at 'ear End
G.O. Improvement Bonds,						_
Series 2001A (MN PFA)	\$ 1,263,000	1.29 %	06/11/01	08/20/21	\$	154,000
G.O. Sewer Revenue Bonds,						
Series 2004BC (MN PFA)	1,100,000	1.00	11/22/04	08/20/24		371,000
G.O. Water Revenue Refunding						
Bonds, Series 2015A	495,000	3.00	08/05/15	02/01/23		370,000
Total G.O. Revenue Bonds					\$	895,000

The annual debt service requirements to maturity for G.O. revenue bonds at December 31, 2018 are as follows:

Year Ending	Governmental Activities								
December 31,	Р	Principal			Total				
2019	\$	181,000	\$	15,747	\$	196,747			
2020		182,000		12,389		194,389			
2021		189,000		8,946		197,946			
2022		142,000		5,330		147,330			
2023		138,000		2,385		140,385			
2024		63,000		629		63,629			
Total	_\$	895,000	\$	45,426	\$	940,426			

Note 3: Detailed Notes on All Funds (Continued)

Changes in Long-term Liabilities

Long-term liability activity for the year ended December 31, 2018, was as follows:

	Beginning Balance	Increases Decreases		Ending Balance		ue Within Ine Year	
Governmental Activities							•
Bonds Payable							
G.O. bonds	\$ 850,000	\$	-	\$ (85,000)	\$ 765,000	\$	85,000
G.O. revenue bonds	1,070,000		-	 (175,000)	 895,000		181,000

Governmental Activity							
Long-term Liabilities	\$ 2,156,442	\$		\$ (441,068)	\$ 1,715,374	\$	266,000

Note 4: Defined Benefit Pension Plans - Statewide

A. Plan Description

Certain part-time employees of the Spring Lake Township are covered by defined benefit plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA administers the General Employees Retirement Fund (GERF) which is a cost-sharing, multiple-employer retirement plan. This plan is established and administered in accordance with Minnesota statutes, chapters 353 and 356.

GERF members belong to either the Coordinated Plan, the Basic Plan, or the DCP Elected Officials Plan. Coordinated Plan members are covered by Social Security and Basic Plan and DCP Elected Officials Plan members are not. All new members must participate in the Coordinated Plan, with the exception of elected officials.

PERA provides retirement benefits as well as disability benefits to members, and benefits to survivors upon death of eligible members. Benefits are established by Minnesota statute, and vest after five years of credited service. The defined retirement benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service.

Two methods are used to compute benefits for PERA's Coordinated and Basic Plan members. The retiring member receives the higher of a step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2). Under Method 1, the annuity accrual rate for a Basic Plan member is 2.2 percent of average salary for each of the first 10 years of service and 2.7 percent for each remaining year.

The annuity accrual rate for a Coordinated Plan member is 1.2 percent of average salary for each of the first 10 years and 1.7 percent for each remaining year. Under Method 2, the annuity accrual rate is 2.7 percent of average salary for Basic Plan members and 1.7 percent for Coordinated Plan members for each year of service. GERF members hired prior to July 1, 1989 whose annuity is calculated using Method 1, a full annuity is available when age plus years of service equal 90. Normal retirement age is 65 for Basic and Coordinated members hired prior to July 1, 1989. Normal retirement age is the age for unreduced Social Security benefits capped at 66 for Coordinated members hired on or after July 1, 1989. A reduced retirement annuity is also available to eligible members seeking early retirement.

Note 4: Defined Benefit Pension Plans - Statewide (Continued)

There are different types of annuities available to members upon retirement. A single-life annuity is a lifetime annuity that ceases upon the death of the retiree--no survivor annuity is payable. There are also various types of joint and survivor annuity options available which will be payable over joint lives. Members may also leave their contributions in the fund upon termination of public service in order to qualify for a deferred annuity at retirement age. Refunds of contributions are available at any time to members who leave public service, but before retirement benefits begin.

The benefit provisions stated in the previous paragraphs of this section are current provisions and apply to active plan participants.

PERA issues a publicly available financial report that includes financial statements and required supplementary information for GERF. That report may be obtained on the Internet at www.mnpera.org, by writing to PERA at 60 Empire Drive #200, St. Paul, Minnesota, 55103-2088 or by calling (651) 296-7460 or (800) 652-9026.

B. Funding Policy

Minnesota statutes, chapter 353 sets the rates for employer and employee contributions. These statutes are established and amended by the State legislature. The Township makes annual contributions to the pension plans equal to the amount required by Minnesota statutes. GERF Coordinated Plan members and DCP Elected Officials Plan members were required to contribute 6.50 percent and 5.00 percent, respectively, of their annual covered salary in 2018. In 2018, the Township was required to contribute the following percentages of annual covered payroll: 7.5 percent for Coordinated Plan members and 5.00 percent for DCP Elected Officials Plan members. The Township's contributions to the GERF for the years ending December 31, 2018, 2017 and 2016 were \$3,928, \$4,814, and \$3,858 respectively. The Township's contributions were equal to the contractually required contribution for each year as set by Minnesota statute.

Note 5: Other Information

A. Risk Management

The Township is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the Township carries insurance. The Township obtains insurance through participation in the Minnesota Association of Townships (MAT), which is a risk sharing pool with approximately 1,785 other governmental units. The Township pays an annual premium to MAT for its workers compensation and property and casualty insurance. The MAT is self-sustaining through member premiums and will reinsure for claims above a prescribed dollar amount for each insurance event. Settled claims have not exceeded the Township's coverage in any of the past three fiscal years.

The Township is self-insured for unemployment compensation. The State of Minnesota permits Townships to levy local taxpayers for estimated future unemployment claims. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities, if any, include an amount for claims that have been incurred but not reported (IBNRs). The Township's management is not aware of any incurred but not reported claims.

B. Legal Debt Margin

In accordance with Minnesota statutes, the Township may not incur or be subject to net debt in excess of three percent of the market value of taxable property within the Township. Net debt is payable solely from ad valorem taxes and, therefore, excludes debt financed partially or entirely by special assessments. As of December 31, 2018, the township is under the legal debt margin.

INDEPENDENT AUDITOR'S REPORT ON MINNESOTA LEGAL COMPLIANCE

Chairman and Board of Supervisors Spring Lake Township Scott County, Minnesota

We have audited, in accordance with auditing standards generally accepted in the Unites States of America, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Spring Lake Township, Scott County, Minnesota (the Township), as of and for the year ended December 31, 2018, and the related notes to the financial statements, and have issued our report thereon dated March 6, 2019.

The *Minnesota Legal Compliance Audit Guide for Towns*, promulgated by the State Auditor pursuant to Minnesota Statute §6.65, contains seven categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions and tax increment financing. Our audit considered all of the listed categories, except that we did not test for compliance with the provisions for tax increment financing because the Township does not have any tax increment financing districts.

In connection with our audit, nothing came to our attention that caused us to believe that the Township failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Towns*. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Township's noncompliance with the above referenced provisions.

This report is intended solely for the information and use of those charged with governance, management of the Township, and the State Auditor and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Chairman and Board of Supervisors Spring Lake Township, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Spring Lake Township, Scott County, Minnesota (the Township) as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements, and have issued our report thereon dated March 6, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Township's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Township's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit the attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying Schedule of Findings and Responses as finding 2018-001 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Township's Response to Finding

The Township's response to the finding identified in our audit is described in the accompanying Schedule of Findings and Responses. The Township's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

THIS PAGE IS LEFT BLANK INTENTIONALLY

Spring Lake Township Scott County, Minnesota Schedule of Findings and Responses For the Year Ended December 31, 2018

<u>Finding</u> <u>Description</u>

2018-001 Preparation of Financial Statements

Condition: As in prior years, we were requested to draft the audited financial statements and related footnote

disclosures as part of our regular audit services. Ultimately, it is management's responsibility to provide for the preparation of your statements and footnotes, and the responsibility of the auditor to determine the fairness of presentation of those statements. It is our responsibility to inform you that this deficiency could result in a material misstatement to the financial statements that could have been prevented or detected by your management. Essentially, the auditors cannot be part

of your internal control process.

Criteria: Internal controls should be in place to ensure adequate internal control over safeguarding of

assets and the reliability of financial records and reporting.

Cause: From a practical standpoint, we both prepare the statements and determine the fairness of the

presentation at the same time in connection with our audit. This is not unusual for us to do with

organizations of your size.

Effect: The effectiveness of the internal control system relies on enforcement by management. The

effect of deficiencies in internal controls can result in undetected errors in financial reporting. We have instructed management to review a draft of the auditor prepared financials in detail for accuracy; we have answered any questions that management might have, and have encouraged research of any accounting guidance in connection with the adequacy and appropriateness of classification of disclosure in your statements. We are satisfied that the appropriate steps have

been taken to provide you with the completed financial statements.

Recommendation: Under these circumstances, the most effective controls lie in management's knowledge of the

Township's financial operations. It is the responsibility of management and those charged with governance to make the decision to accept the degree of risk associated with this condition because of cost or other considerations. Regarding the specific situations listed above, we would offer the following recommendations: 1) Utilize a disclosure checklist to ensure that all required disclosures are present and agree to work papers, and 2) Agree your accounting information from

QuickBooks to the amounts reported in the financial statements.

Management Response:

The Township's management accepts the degree of risk associated with this condition and thoroughly reviews a draft of the financial statements.
