FOR OFFICE USE ONLY

In accordance with this application a Utility Permit is granted to _____ (*Public Utility*) to place, construct, and “thereafter maintain” on, or across, or under the Right-of-Way of the above described Right-of-Way and in the location as shown by the above application with the following conditions and requirements:

- 1) No work under this application is to be started until application is approved and the permit is issued.
- 2) It is the responsibility of the contractor to notify Gopher One for utility locations for any work being performed within the Spring Lake Township right-of-way, and obtain all other necessary municipal permits.
- 3) Prior to construction, the applicant shall notify the Township Engineer at 651-775-5150 and again after completion for final inspection and approval.
- 4) Where working on traveled roadway is necessary, traffic must be protected, and the proper traffic control devices must be placed in accordance with the standards of the Minnesota Department of Transportation.
- 5) No foreign material such as dirt, gravel, or bituminous material shall be left or deposited on the roadway during the construction of the access.
- 6) Roadsides must be cleaned up and the area must be mulched and seeded and any necessary erosion control installed after the work has been completed.
- 7) No changes or alterations may be made at any time without written permission from a Spring Lake Township Representative.
- 8) In the event that the construction has not been started within one year of the permit approval date, this permit becomes null and void.
