Sara Domer	Township Deputy Clerk

### FINANCIAL SECTION

## SPRING LAKE TOWNSHIP SCOTT COUNTY, MINNESOTA

FOR THE YEAR ENDED DECEMBER 31, 2023

#### INDEPENDENT AUDITOR'S REPORT

Chairman and Board of Supervisors Spring Lake Township Scott County, Minnesota

#### **Report on the Financial Statements**

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Spring Lake Township, Scott County, Minnesota (the Township), as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Township as of December 31, 2023, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General and Road and Bridge funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Township and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
  appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
  Township's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting
  estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matters**

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis starting on page 15 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinion on the financial statements that collectively comprise the Township's basic financial statements. The accompanying combining and individual fund financial schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Information

Management is responsible for the other information in the annual report. The other information comprises the introductory section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statement do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated NEED DATE on our consideration of the Township's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the township's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control over financial reporting and compliance.

**Abdo** Minneapolis, Minnesota NEED DATE

#### **Management's Discussion and Analysis**

As management of the Spring Lake Township, Scott County, Minnesota, (the Township), we offer readers of the Township's financial statements this narrative overview and analysis of the financial activities of the Township for the fiscal year ended December 31, 2023.

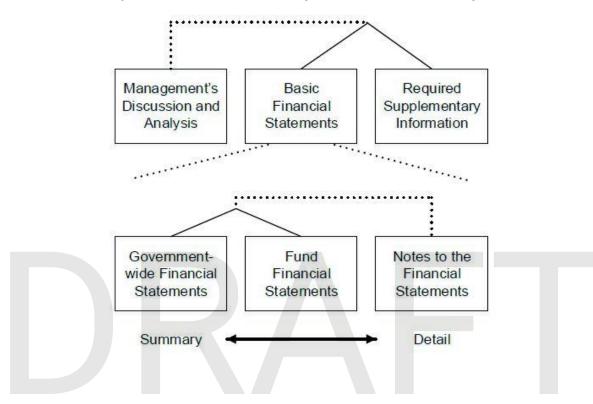

#### **Financial Highlights**

- The assets and deferred outflows of resources of the Township exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year as shown in the summary of net position on the following pages.
- The Township's total net position increased. This was mainly due to ARPA funding utilized this year.
- As of the close of the current fiscal year, the Township's governmental funds reported increases in comparison with prior year. This was largely due to ARPA funding utilized this year.
- The Township's total noncurrent liabilities decreased during the current fiscal year. This was due to fewer bond principal payments.

#### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the Township's basic financial statements. The Township's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplemental information in addition to the basic financial statements themselves. The following chart shows how the required parts of this annual report are arranged and relate to one another:

### Organization of the Township's Annual Financial Report

The following chart summarizes the major features of the Township's financial statements, including the portion of the Township's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

### Major Features of the Government-wide and Fund Financial Statements

		Fun	d Financial Statements	
	Government-wide Statements	Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire Township government (except fiduciary funds) and the Township's component units	The activities of the Township that are not proprietary or fiduciary, such as fire and parks	Activities the Township operates similar to private businesses, such as the community sewer system	Instances in which the Township administers resources on behalf of someone else, such as developers
Required financial statements	<ul> <li>Statement of Net         Position     </li> <li>Statement of Activities</li> </ul>	<ul> <li>Balance Sheet</li> <li>Statement of Revenues, Expenditures, and Changes in Fund Balances</li> </ul>	<ul> <li>Statements of Net         Position     </li> <li>Statements of         Revenues, Expenses             and Changes in Fund             Net Position     </li> <li>Statements of Cash         Flows     </li> </ul>	Statement of fiduciary net position
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included	All assets and liabilities, both financial and capital, and short-term and long-term	N/A
Type of deferred outflows/ inflows of resources information	All deferred outflows/inflows of resources, regardless of when cash is received or paid	Only deferred outflows of resources expected to be used up and deferred inflows of resources that come due during the year or soon thereafter	All deferred outflows/inflows of resources, regardless of when cash is received or paid.	N/A
Type of inflow/ outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable	All revenues and expenses during the year, regardless of when cash is received or paid	All additions and deductions during the year, regardless of when cash is received or paid

**Government-wide Financial Statements.** The Government-wide financial statements are designed to provide readers with a broad overview of the Township's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the Township's assets and liabilities, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Township is improving or deteriorating.

The statement of activities presents information showing how the Township's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

Both of the government-wide financial statements distinguish functions of the Township that are principally supported by taxes and intergovernmental revenue (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the Township include general government, public safety, public works, culture and recreation, and interest on long-term debt. The business-type activities of the Township include Ben's Bay SSD, South Shore Drive SSD, and Lydia Subordinate Service District.

The government-wide financial statements start on page 29 of this report.

**Fund Financial Statements.** A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Township, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Township can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact by the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Township maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General, Road and Bridge, Debt Service, and Park funds - of which all are considered to be major funds.

The Township adopts an annual appropriated budget for its General fund and the Road and Bridge funds. A budgetary comparison statement has been provided for the General and Road and Bridge funds to demonstrate compliance with this budget. The Township does not budget the Park special revenue fund because it is not legally required to do so.

The basic governmental fund financial statements start on page 34 of this report.

**Proprietary Funds**. The Township maintains one type of proprietary fund. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The Township uses enterprise funds to account for its Ben's Bay SSD community septic system, street lights and lift stations to the South Shore Drive SSD project area, and community lighting in the town of Lydia.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide information for all three proprietary funds, all of which are nonmajor funds.

The basic proprietary fund financial statements start on page 40 of this report.

**Fiduciary Funds**. Fiduciary funds are used to account for resources held for the benefit of parties outside the Township. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are not available to support the Township's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The Township does not have any fiduciary funds in 2023.

**Notes to the Financial Statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements start on page 43 of this report.

**Supplementary Information.** In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the Township's progress in funding its obligation to provide pension benefits and other post-employment benefits to its employees. Required supplementary information can be found on page 96 of this report.

The combining statements referred to earlier in connection with non-major proprietary funds are presented following the notes to the financial statements. Combining and individual fund statements and schedules start on page 58 of this report.

#### **Government-wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Township, assets exceeded liabilities at the close of the most recent fiscal year.

A significant portion of the Township's net position reflects its investment in capital assets (e.g., land, buildings, infrastructure); less any related debt used to acquire those assets that are still outstanding. The Township uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Township's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

#### Spring Lake Township's Summary of Net Position

	Go	vernmental Activi	ties	Business-type Activities				
			Increase			Increase		
	2023	2022	(Decrease)	2023	2022	(Decrease)		
Assets								
Current and other assets	\$ 3,362,811	\$ 4,155,771	\$ (792,960)	\$ 121,559	\$ 107,174	\$ 14,385		
Capital assets (net of depreciation)	6,180,350	6,418,293	(237,943)	60,000	60,000	-		
Total Assets	9,543,161	10,574,064	(1,030,903)	181,559	167,174	14,385		
Liabilities								
Noncurrent liabilities outstanding	1,124,507	1,466,246	(341,739)	-	-	-		
Current and other liabilities	166,973	913,700	(746,727)	-	_	-		
Total Liabilities	1,291,480	2,379,946	(1,088,466)	_				
Net Position								
Net investment in capital assets	5,055,843	4,953,559	102,284	60,000	60,000	-		
Restricted for								
Debt service	222,867	375,221	(152,354)	-	-	-		
Storm water emergency	10,000	10,000	-	-	-	-		
Future street improvements	730,980	930,980	(200,000)	-	-	-		
Unrestricted	2,231,991	1,924,358	307,633	121,559	107,174	14,385		
Total Net Position	\$ 8,251,681	\$ 8,194,118	\$ 57,563	\$ 181,559	\$ 167,174	\$ 14,385		

An additional portion of the Township's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance of *unrestricted net position* may be used to meet the Township's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the Township is able to report a positive balance in all three categories of net position, for the Township as a whole, as well as for its separate governmental and business-type activities.

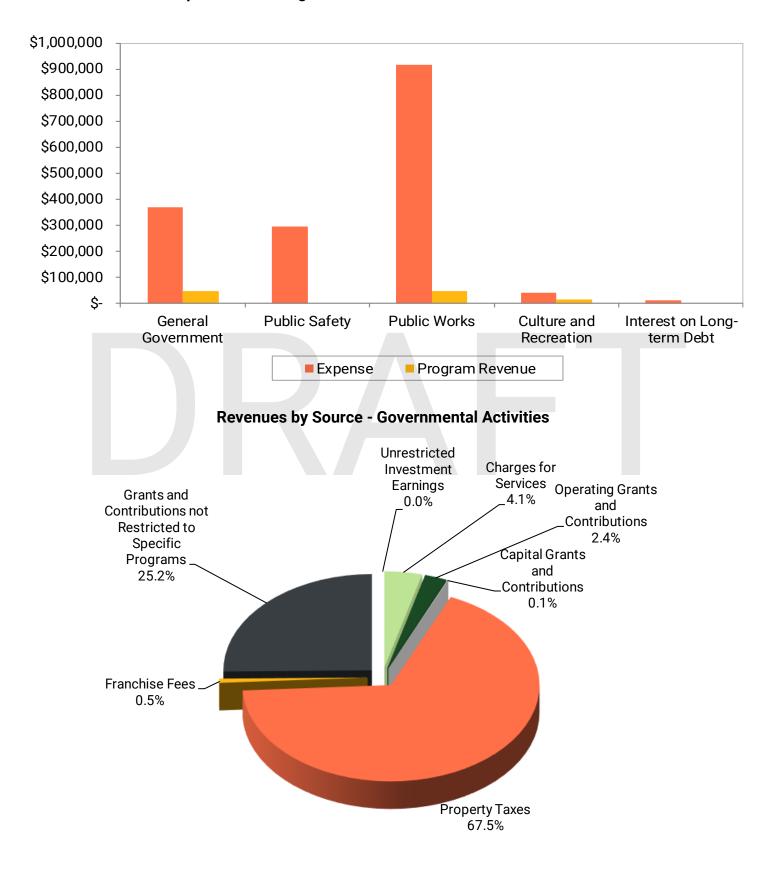

**Governmental Activities**. Governmental activities increased the Township's net position, thereby accounting for almost the entire increase in the net position of the Township. The following table summarizes the changes in net position.

#### **Spring Lake Township's Changes in Net Position**

	Governmental Activities						Business-type Activities				
					ncrease					lr	ncrease
	2023		2022	([	Decrease)		2023		2022	(Decrease)

The following graph depicts various governmental activities and shows the revenue and expenses directly related to those activities.

### **Expenses and Program Revenues - Governmental Activities**

### **Expenses and Program Revenues - Business-type Activities**

#### Financial Analysis of the Township's Funds

As noted earlier, the Township uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds**: The focus of the Township's *governmental funds* is to provide information on near-term inflows, outflows and balances of *spendable* resources. Such information is useful in assessing the Township's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. The table below outlines the governmental fund balances for the year ending December 31, 2023.

	General Fund	Debt Service Fund	Road and Bridge Fund	Park Fund	Total	Prior Year Total	Increase/ (Decrease)
Fund Balances							
Nonspendable	\$ 385,599	\$ -	\$ -	\$ -	\$ 385,599	\$ 399,599	\$ (14,000)
Restricted for	10,000	183,693	730,980	-	924,673	1,260,723	(336,050)
Committed for	-	-	1,451,486	-	1,451,486	1,200,616	250,870
Assigned for	-	-	-	-	-		-
Unassigned	575,096			(380,599)	194,497	96,688	97,809
	\$ 970,695	\$ 183,693	\$ 2,182,466	\$ (380,599)	\$ 2,956,255	\$ 2,957,626	\$ (1,371)

As of the close of the current fiscal year, the Township's governmental funds reported combining ending balances shown above. Additional information on the Township's fund balances can be found in Note 1 starting on page 43 of this report.

The General fund is the chief operating fund of the Township. At the end of the current year, the fund balance of the General fund is shown in the table above. As a measure of the General fund's liquidity, it may be used to compare unassigned fund balance to total fund expenditures. The total unassigned fund balance as a percentage of total fund expenditures is shown in the chart below along with total fund balances as a percent of total expenditures.

	Current Year		Prior Year		Increase/	
	End	ing Balance	End	ing Balance	(D	ecrease)
General Fund Fund Balances						
Nonspendable	\$	385,599	\$	399,599	\$	(14,000)
Restricted for		10,000		10,000		-
Unassigned		575,096		491,287		83,809
	\$	970,695	\$	900,886	\$	69,809
General Fund expenditures	\$	675,504	\$	564,221		
Unassigned as a percent of expenditures		85.1%		87.1%		
Total Fund Balance as a percent of expenditures		143.7%		159.7%		

The fund balance of the Township's General fund increased during the current fiscal year as shown in the table above.

Activity of the Township's other major funds is discussed below:

	December 31, 2023	December 31, 2022	Increase (Decrease)
Debt Service fund The Debt Service fund decrease in fund balance during the year was due to schede principal and interest payments made on bonds during the year.	\$ 183,693 uled	319,743	(136,050)
Road and Bridge Fund The Road and Bridge fund balance increased during the due to expenditures under	2,182,466 r budget.	2,131,596	50,870
Park Fund  The Park fund increase in fund balance during the year due to collection of park fe	(380,599)	(394,599)	14,000

The Park fund increase in fund balance during the year due to collection of park fees.

**Proprietary Funds**. The Township's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Net position of the Township's funds increased as follows:

	Ending Net Position 2023	Ending Net Position 2022	Increase/ (Decrease)
Ben's Bay SSD  The increase primarily is attributed to significantly less operating expenses in repo	\$ 94,602 airs and mainten	\$ 83,712 ance.	\$ 10,890
South Shore Drive SSD	77,175	73,173	4,002
The increase primarily is attributed to the collection of charges for service during	the year.		
Lydia Subordinate Service District	9,782	10,289	(507)
Slight decrease is due to operating expenses.			

#### **General Fund Budgetary Highlights**

	Original Budgeted Amounts	Budget Amendments	Final Budgeted Amounts	Actual Amounts	Variance with Final Budget
Revenues Expenditures	\$ 495,000 620,000	\$ - -	\$ 495,000 620,000	\$ 745,313 675,504	\$ 250,313 (55,504)
Net Change in Fund Balances	(125,000)	-	(125,000)	69,809	194,809
Fund Balances, January 1	900,886		900,886	900,886	
Fund Balances, December 31	\$ 775,886	\$ -	\$ 775,886	\$ 970,695	\$ 194,809

The Township's fund budget was not amended during the year as shown above.

#### Road and Bridge Fund Budgetary Highlights

The budget for the Township's Road and Bridge fund was not amended during the year, anticipating no increase to the fund balance. The actual change in fund balance was an increase. This is related to budgeting for future projects and the transfers made to the Debt Service funds.

#### **Capital Assets and Debt Administration**

**Capital Assets**: The Township's capital assets for its governmental and business-type activities as of December 31, 2023, is shown below in capital asset table (net of accumulated depreciation). These capital assets include land, buildings, improvements, and roads. Total change in the Township's capital assets for the current year decreased.

### **Spring Lake Township's Capital Assets**

(Net of Depreciation)

	 Governmental Activities							Business-type Activities						
	2023	Increase			2023		2022		rease rease)					
Land Buildings	\$ 8,477 1,013,333	\$	8,477 1,043,596	\$	- (30,263)	\$	60,000	\$	60,000	\$	-			
Infrastructure Equipment	 5,156,396 2,144		5,363,224 2,996		(206,828) (852)		<u>-</u>		- -		- -			
Total	\$ 6,180,350	\$	6,418,293	\$	(237,943)	\$	60,000	\$	60,000	\$				

Additional information on the Township's capital assets can be found in Note 3B starting on page 48 of this report.

**Long-term Debt**. At the end of the current fiscal year, the Township had total bonded debt outstanding consisting of special assessment debt and revenue related debt as noted in the table below. While all of the Township's bonds have revenue streams, they are all backed by the full faith and credit of the Township.

#### **Spring Lake Township's Outstanding Debt**

	Governmental Activities							
	2023	2022	Increase (Decrease)					
Special Assessments Payable Bonds Payable Unamortized Premium on Bonds	\$ - 1,103,000 21,507	\$ 1,512 1,436,000 28,734	\$ (1,512) (333,000) (7,227)					
Total	\$ 1,124,507	\$ 1,466,246	\$ (341,739)					

Additional information on the Township's long-term debt can be found in Note 3D starting on page 52 of this report.

#### **Economic Factors and Next Year's Budgets and Rates**

- The Road and Bridge fund budget for 2023 includes an estimate of road maintenance costs as well as anticipation of upcoming road improvement projects.
- The General fund budget process anticipates annual operating costs based on prior year actual costs, obligations and estimated fees for various services.

#### **Requests for Information**

This financial report is designed to provide a general overview of the Township's finances for all those with an interest in the Township's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Town Hall, Township Treasurer, 20381 Fairlawn Avenue, Prior Lake, Minnesota 55372.

The notes to the financial statements are an integral part of this statement.

### Spring Lake Township, Minnesota

Reconciliation of the Balance Sheet to the Statement of Net Position Governmental Funds December 31, 2023

Amounts reported for governmental activities in the statement of net position are different because

Total Fund Balances - Governmental Funds	\$ 2,956,255
Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds.	40.470.074
Cost of capital assets Less: accumulated depreciation	10,153,356 (3,973,006)
Less. accumulated depreciation	(3,973,000)
Noncurrent liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported as liabilities in the funds.  Noncurrent liabilities at year-end consist of	
Bond principal payable	(1,103,000)
Plus unamortized premium on bonds	(21,507)
Some receivables are not available soon enough to pay for the current period's expenditures, and therefore are reported as unavailable revenue in the funds.	
Taxes	16,488
Special assessments	230,066
Governmental funds do not report a liability for accrued interest until due and payable.	(6,971)
Total Net Position - Governmental Activities	\$ 8,251,681

Reconciliation of the Statement of Revenues, Expenditures and
Changes in Fund Balances
to the Statement of Activities
Governmental Funds
For the Year Ended December 31, 2023

Amounts reported for governmental activities in the statement of activities are different because

Net Change in Fund Balances - Governmental Funds	\$	(1,371)
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over the estimated useful lives as depreciation expensel Capital outlays  Depreciation expense	ense.	149,543 (387,486)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of government funds. Neither transaction, however, has any effect on net position.  Principal repayments		333,000
Amortization of bond premium		7,227
Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due.		3,462
Certain revenues are recognized as soon as they are earned. Under the modified accrual basis of accounting, certain revenues cannot be recognized until they are available to liquidate liabilities of the current period.		
Special assessments Property taxes	_	(46,129) (683)
Change in Net Position - Governmental Activities	\$	57,563

#### **Note 1: Summary of Significant Accounting Policies**

#### A. Reporting Entity

Spring Lake Township, Scott County, Minnesota (the Township), is organized and governed by the standard structure of three Supervisors, one Clerk, and one Treasurer. The three Supervisors are elected by eligible voters of the Township, while the Clerk and Treasurer are appointed by the Board.

The Township has considered all potential units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the Township are such that exclusion would cause the Township's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the primary government to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the primary government. The Township has no component units.

#### B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Amounts reported as *program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, and proprietary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

#### C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Township considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

#### **Note 1: Summary of Significant Accounting Policies (Continued)**

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the Township.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available.

Non-exchange transactions, in which the Township receives value without directly giving equal value in return, include property taxes, grants, entitlement and donations. On an accrual basis, revenue from property taxes is recognized in the year for which the tax is levied. Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the Township must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Township on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements are met are also recorded as unearned revenue.

The Township reports the following major governmental funds:

The General fund is the Township's primary operating fund. It accounts for all financial resources of the Township, except those required to be accounted for in another fund.

The *Road and Bridge fund* accounts for resources accumulated and payments made related to road maintenance and snow removal. Major revenue sources include property taxes, intergovernmental highway user tax, and special assessments.

The Park fund accounts for the operations of the Township's parks. Major revenue sources are park dedication fees.

The *Debt Service fund* accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

Additionally, the Township reports the following fund types:

Enterprise funds account for activity that is expected to be financed through user fees and charges.

As a general rule, the effect of interfund activity has been eliminated from government-wide financial statements.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Township enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### Note 1: Summary of Significant Accounting Policies (Continued)

#### D. Assets, Liabilities, Deferred Inflows of Resources and Net Position / Fund Balance

#### **Deposits and Investments**

The Township's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. The proprietary funds' portion in the government-wide cash and temporary investments pool is considered to be cash and cash equivalents for purposes of the Statements of Cash Flows.

Cash balances from all funds are pooled and invested, to the extent available, in certificates of deposit and other authorized investments. Earnings from such investments are allocated on the basis of applicable participation by each of the funds. The Township does not have a formal investment policy.

The Township may also invest idle funds as authorized by Minnesota statutes, as follows:

- 1. Direct obligations or obligations guaranteed by the United States or its agencies.
- 2. Shares of investment companies registered under the Federal Investment Company Act of 1940 and received the highest credit rating, rated in one of the two highest rating categories by a statistical rating agency, and have a final maturity of thirteen months or less.
- 3. General obligations of a state or local government with taxing powers rated "A" or better; revenue obligations rated "AA" or better.
- 4. General obligations of the Minnesota Housing Finance Agency rated "A" or better.
- 5. Obligation of a school district with an original maturity not exceeding 13 months and (i) rated in the highest category by a national bond rating service or (ii) enrolled in the credit enhancement program pursuant to statute section 126C.55
- 6. Bankers' acceptances of United States banks eligible for purchase by the Federal Reserve System.
- Commercial paper issued by United States banks corporations or their Canadian subsidiaries, of highest quality category by at least two nationally recognized rating agencies and maturing in 270 days or less.
- 8. Repurchase or reverse repurchase agreements and securities lending agreements with financial institutions qualified as a "depository" by the government entity, with banks that are members of the Federal Reserve System with capitalization exceeding \$10,000,000, a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York, or certain Minnesota securities broker-dealers.
- 9. Guaranteed Investment Contracts (GIC's) issued or guaranteed by a United States commercial bank, a domestic branch of a foreign bank, a United States insurance company, or its Canadian subsidiary, whose similar debt obligations were rated in one of the top two rating categories by a nationally recognized rating agency.

#### Note 1: Summary of Significant Accounting Policies (Continued)

#### **Property Taxes**

The Township levy is adopted annually by the town electors at their Annual Town Meeting. The levy is then certified with the County for collection the following year. The County is responsible for collecting all property taxes for the Township. These taxes attach an enforceable lien on taxable property within the Township on January 1 and are payable by the property owners in two installments. The taxes are collected by the County Auditor and tax settlements are made to the Township during January, June and December each year.

Delinquent taxes receivable include the past six years' uncollected taxes. Delinquent taxes have been offset by a deferred inflow of resources for taxes not received within 60 days after year end in the governmental fund financial statements.

#### Accounts Receivable

Accounts receivable include amounts billed for services provided before year end. The Township annually certifies delinquent charges to the County for collection in the following year. Therefore, there has been no allowance for doubtful accounts established.

#### Special Assessments

Special assessments represent the financing for public improvements paid for by benefiting property owners. These assessments are recorded as receivables upon certification to the County. Special assessments are recognized as revenue when they are received in cash or within 60 days after year end. All governmental special assessments receivable are offset by a deferred inflow of resources in the governmental fund financial statements.

#### Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by a nonspendable fund balance in the General fund to indicate that they are not available for appropriation and not expendable available financial resources.

#### **Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

#### Note 1: Summary of Significant Accounting Policies (Continued)

#### **Capital Assets**

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the Township as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year.

Pursuant to GASB 34, paragraph 148, the Township chose not to report general infrastructure asset retrospectively. General infrastructure assets consist of those constructed or accepted since January 1, 2004. As the Township constructs or acquires capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or extend its useful life beyond the original estimate. Donated capital assets are recorded at acquisition value at the date of donation.

Property, plant and equipment will be depreciated using the straight-line method over the following estimated useful lives:

		Useful Lives
Assets		in Years
Building and Structures		20 to 50
Distribution System		50
Roads		25
Machinery and Equipment		3 to 20
Long-term Obligations		

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. The recognition of bond premiums and discounts are amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as an expense in the period incurred.

In the fund financial statements, governmental fund types recognized bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### Deferred Inflows of Resources

In addition to liabilities, the statement of net position and fund financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Township has only one type of item, which arises only under a modified accrual basis of accounting that qualifies as needing to be reported in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources: taxes and special assessments. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

#### Note 1: Summary of Significant Accounting Policies (Continued)

#### **Fund Balance**

In the fund financial statements, fund balance is divided into five classifications based primarily on the extent to which the Township is bound to observe constraints imposed upon the use of resources reported in the governmental funds. These classifications are defined as follows:

Nonspendable - Amounts that cannot be spent because they are not in spendable form, such as prepaid items and advance to other funds.

Restricted - Amounts related to externally imposed constraints established by creditors, grantors or contributors; or constraints imposed by state statutory provisions.

Committed - Amounts constrained for specific purposes that are internally imposed by formal action (resolution) of the Board, which is the Township's highest level of decision-making authority. Committed amounts cannot be used for any other purpose unless the Board modifies or rescinds the commitment by resolution.

Assigned - Amounts constrained for specific purposes that are internally imposed. In governmental funds other than the General fund, assigned fund balance represents all remaining amounts that are not classified as nonspendable and are neither restricted nor committed. In the General fund, assigned amounts represent intended uses established by the Board itself or by an official to which the governing body delegates the authority. The Board has adopted a fund balance policy which delegates the authority to assign amounts for specific purposes to the Treasurer.

Unassigned - The residual classification for the General fund and also negative residual amounts in other funds.

The Township considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available. Additionally, the Township would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The Township has formally adopted a fund balance policy for the General fund. The Township's policy is to maintain a minimum unrestricted fund balance of 45-60 percent of the next year's budgeted expenditures.

#### **Net Position**

Net position represents the difference between assets and liabilities. Net position is displayed in three components:

- a. Net investment in capital assets Consists of capital assets, net of accumulated depreciation reduced by any outstanding debt attributable to acquire capital assets.
- b. Restricted net position Consists of net position restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, laws or regulations of other governments.
- c. Unrestricted net position All other net position that do not meet the definition of "restricted" or "net investment in capital assets".

When both restricted and unrestricted resources are available for use, it is the Township's policy to use restricted resources first, then unrestricted resources as they are needed.

#### Note 2: Stewardship, Compliance and Accountability

#### A. Budgetary Information

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for the General and the Road and Bridge funds. The Township does not budget the Park fund because it is not legally required to do so. All annual appropriations lapse at fiscal year-end. The Township does not use encumbrance accounting.

In August of each year the proposed budget is prepared by the Board and management. The final budget is prepared and adopted by the Board at the monthly Board meeting immediately following approval of the levy by the town electors.

The appropriated budget is prepared by fund. Transfers of appropriations between funds require the approval of the Board. The legal level of budgetary control is the fund level. Budgeted amounts are as originally adopted. There were no budget amendments made during 2023.

#### **B.** Excess of Expenditures Over Appropriations

For the year ended December 31, 2023, expenditures exceeded appropriations in the following funds:

					xcess of penditures Over
<u>Fund</u>	Budget	_	Actual	App	ropriations
General	\$ 620,000	\$	675,504	\$	(55,504)

These excess expenditures were funded by revenues in excess of budget.

#### C. Deficit Fund Equity

The Park fund had a deficit at December 31, 2023 of \$380,599. The Township plans to fund this deficit with future revenues from park fees and contributions.

#### Note 3: Detailed Notes on All Funds

#### A. Deposits

Custodial credit risk for deposits and investments is the risk that in the event of a bank failure, the Township's deposits may not be returned or the Township will not be able to recover collateral securities in the possession of an outside party. In accordance with Minnesota statutes and as authorized by the Board, the Township maintains deposits at those depository banks, all of which are members of the Federal Reserve System.

Minnesota statutes require that all Township deposits be protected by insurance, surety bond, or collateral. The market value of collateral pledged must equal 110 percent of the deposits not covered by insurance, bonds, or irrevocable standby letters of credit from Federal Home Loan Banks. Authorized collateral in lieu of a corporate surety bond includes:

- United States government Treasury bills, Treasury notes, Treasury bonds;
- Issues of United States government agencies and instrumentalities as quoted by a recognized industry quotation service available to the government entity;

#### Note 3: Detailed Notes on All Funds (Continued)

- General obligation securities of any state or local government with taxing powers which is rated "A" or better by a
  national bond rating service, or revenue obligation securities of any state or local government with taxing powers
  which is rated "AA" or better by a national bond rating service;
- General obligation securities of a local government with taxing powers may be pledged as collateral against funds deposited by that same local government entity;
- Irrevocable standby letters of credit issued by Federal Home Loan Banks to a municipality accompanied by
  written evidence that the bank's public debt is rated "AA" or better by Moody's Investors Service, Inc., or Standard
  & Poor's Corporation; and
- Time deposits that are fully insured by any federal agency.

Minnesota statutes require that all collateral shall be placed in safekeeping in a restricted account at a Federal Reserve Bank, or in an account at a trust department of a commercial bank or other financial institution that is not owned or controlled by the financial institution furnishing the collateral. The selection should be approved by the Township.

At year end, the Township's carrying amount of deposits was \$3,222,554 and the bank balance was \$3,225,704. Of the bank balance, \$500,000 was covered by federal depository insurance. The remaining balance was covered by collateral held by the pledging financial institution's trust department in the Township's name.

#### **B.** Capital Assets

Capital asset activity for the year ended December 31, 2023 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Governmental Activities				
Capital Assets not being Depreciated				
Land	\$ 8,477	\$ -	\$ -	\$ 8,477
Capital Assets being Depreciated				
Buildings	1,493,140	-	-	1,493,140
Infrastructure	8,493,675	149,543	-	8,643,218
Equipment	8,521			8,521
Total Capital Assets				
being Depreciated	9,995,336	149,543		10,144,879
Less Accumulated Depreciation for				
Buildings	(449,544)	(30,263)	-	(479,807)
Infrastructure	(3,130,451)	(356,371)	-	(3,486,822)
Equipment	(5,525)	(852)	-	(6,377)
Total Accumulated				
Depreciation	(3,585,520)	(387,486)		(3,973,006)
Total Capital Assets				
being Depreciated, Net	6,409,816	(237,943)		6,171,873
Governmental Activities				
Capital Assets, Net	\$ 6,418,293	\$ (237,943)	\$ -	\$ 6,180,350

#### Note 3: Detailed Notes on All Funds (Continued)

Depreciation expense was charged to functions/programs of the governmental activities as follows:

Governmental Activities General government Public works Culture and recreation				\$ 29,581 357,379 526
Total Depreciation Expense - Governmental Act	ivities			\$ 387,486
Business-type Activities	Beginning Balance	Increases	Decreases	Ending Balance
Capital Assets not being Depreciated Land	\$ 60,000	\$ -	\$ -	\$ 60,000
Capital Assets being Depreciated Infrastructure	225,000			225,000
Less Accumulated Depreciation for Infrastructure	(225,000)			(225,000)
Business-type Activities Capital Assets, Net	\$ 60,000	\$ -	\$ -	\$ 60,000

#### C. Interfund Receivables, Payables and Transfers

#### **Interfund Balances**

There is an interest-free interfund loan outstanding between the General fund to the Park fund for \$385,599 to cover the Park fund's share of debt service payments.

The Township made transfers during the year as shown and described below:

		Transfers in
		Debt
		Service
Fund	Purpose	Fund
Transfers out		
Road and Bridge	Debt service	\$ 203,214

#### Note 3: Detailed Notes on All Funds (Continued)

#### D. Long-term Debt

#### General Obligation (G.O.) Bonds

The Township issues G.O. bonds to provide funds for the acquisition and construction of major capital facilities. G.O. bonds have been issued for governmental activities. G.O. bonds are direct obligations and pledge the full faith and credit of the Township. G.O. bonds currently outstanding are as follows:

Description	uthorized nd Issued	 erest ate		sue ate		turity ate	_	alance at Year End
G.O. Bonds, Series 2015A G.O. Bonds, Series 2020A	\$ 920,000 925,000	3.00 % 1.00	-	15/15 11/20	-	01/26 01/30	\$	310,000 730,000
Total G.O. Revenue Bonds							\$	1,040,000

The annual debt service requirements to maturity for G.O. bonds at December 31, 2023 are as follows:

Year Ending	Governmental Activities									
December 31,	Principal	Inte	erest		Total					
2024 2025 2026 2027 2028 2029 - 2030	\$ 200,000 205,000 210,000 105,000 105,000 215,000	\$	14,600 10,525 6,350 3,725 2,675 2,175	\$	214,600 215,525 216,350 108,725 107,675 217,175					
Total	\$ 1,040,000	\$	40,050	\$	1,080,050					

#### G.O. Revenue Bonds

The following bond issues will be repaid with special assessments from governmental activities and are backed by the taxing power of the Township:

Description	Authorized and Issued	Interest Rate	Issue Date	Maturity Date	llance at ear End
G.O. Sewer Revenue Bonds,					
Series 2004BC (MN PFA)	\$ 1,100,000	1.00 %	11/22/04	08/20/24	\$ 63,000

#### Note 3: Detailed Notes on All Funds (Continued)

The annual debt service requirements to maturity for G.O. revenue bonds at December 31, 2023 are as follows:

Year Ending	Governmental Activities									
December 31,	Principal		Interest		Total					
2024	\$	63,000	\$	630	\$	63,630				

#### Changes in Long-term Liabilities

Long-term liability activity for the year ended December 31, 2023, was as follows:

	ļ	Beginning Balance	Increases		De	ecreases	Ending Balance	 ue Within Ine Year	
Governmental Activities									
Bonds Payable									
G.O. bonds	\$	1,235,000	\$		-	\$	195,000	\$ 1,040,000	\$ 200,000
G.O. revenue bonds		201,000			-		138,000	63,000	63,000
Total Bonds Payable		1,436,000			-		333,000	 1,103,000	 263,000
Unamortized Premium on Bonds		28,734			-		7,227	21,507	-
Special Assessments Payable		1,512			-		1,512	-	-
Governmental Activity									
Long-term Liabilities	\$	1,466,246	\$		<u> </u>	\$	341,739	\$ 1,124,507	\$ 263,000

#### Note 4: Defined Benefit Pension Plans - Statewide

#### A. Plan Description

Certain part-time employees of the Spring Lake Township are covered by defined benefit plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA administers the General Employees Retirement Fund (GERF) which is a cost-sharing, multiple-employer retirement plan. This plan is established and administered in accordance with Minnesota statutes, chapters 353 and 356.

GERF members belong to either the Coordinated Plan, the Basic Plan, or the DCP Elected Officials Plan. Coordinated Plan members are covered by Social Security and Basic Plan and DCP Elected Officials Plan members are not. All new members must participate in the Coordinated Plan, with the exception of elected officials.

PERA provides retirement, disability and death benefits. Benefit provisions are established by state statute and can only be modified by the state Legislature. Vested, terminated employees who are entitled to benefits but are not receiving them yet are bound by the provisions in effect at the time they last terminated their public service.

#### Note 4: Defined Benefit Pension Plans – Statewide (Continued)

General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for Coordinated members is 1.2 percent of average salary for each of the first 10 years of service and 1.7 percent of average salary for each additional year. Under Method 2, the accrual rate for Coordinated members is 1.7 percent for average salary for all years of service. For members hired prior to July 1, 1989 a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989 normal retirement age is the age for unreduced Social Security benefits capped at 66.

Benefit increases are provided to benefit recipients each January. The postretirement increase is equal to 50 percent of the cost-of-living adjustment (COLA) announced by the SSA, with a minimum increase of at least 1 percent and a maximum of 1.5 percent. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a reduced prorated increase. For members retiring on January 1, 2024, or later, the increase will be delayed until normal retirement age (age 65 if hired prior to July 1, 1989, or age 66 for individuals hired on or after July 1, 1989). Members retiring under Rule of 90 are exempt from the delay to normal retirement.

PERA issues a publicly available financial report that includes financial statements and required supplementary information for GERF. That report may be obtained on the Internet at www.mnpera.org, by writing to PERA at 60 Empire Drive #200, St. Paul, Minnesota, 55103-2088 or by calling (651) 296-7460 or (800) 652-9026.

#### **B.** Funding Policy

Minnesota statutes, chapter 353 sets the rates for employer and employee contributions. These statutes are established and amended by the State legislature. The Township makes annual contributions to the pension plans equal to the amount required by Minnesota statutes. GERF Coordinated Plan members and DCP Elected Officials Plan members were required to contribute 6.50 percent and 5.00 percent, respectively, of their annual covered salary in 2023. In 2023, the Township was required to contribute the following percentages of annual covered payroll: 7.5 percent for Coordinated Plan members and 5.00 percent for DCP Elected Officials Plan members. The Township's contributions to the GERF for the years ending December 31, 2023, 2022 and 2021 were 4,569, \$3,975, and \$3,423 respectively. The Township's contributions were equal to the contractually required contribution for each year as set by Minnesota statute.

#### Note 5: Other Information

#### A. Risk Management

The Township is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the Township carries insurance. The Township obtains insurance through participation in the Minnesota Association of Townships (MAT), which is a risk sharing pool with approximately 1,785 other governmental units. The Township pays an annual premium to MAT for its workers compensation and property and casualty insurance. The MAT is self-sustaining through member premiums and will reinsure for claims above a prescribed dollar amount for each insurance event. Settled claims have not exceeded the Township's coverage in any of the past three fiscal years.

The Township is self-insured for unemployment compensation. The State of Minnesota permits Townships to levy local taxpayers for estimated future unemployment claims. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities, if any, include an amount for claims that have been incurred but not reported (IBNRs). The Township's management is not aware of any incurred but not reported claims.

#### **Note 5: Other Information (Continued)**

#### B. Legal Debt Margin

In accordance with Minnesota statutes, the Township may not incur or be subject to net debt in excess of three percent of the market value of taxable property within the Township. Net debt is payable solely from ad valorem taxes and, therefore, excludes debt financed partially or entirely by special assessments. As of December 31, 2023, the township is under the legal debt margin.

#### INDEPENDENT AUDITOR'S REPORT ON MINNESOTA LEGAL COMPLIANCE

Chairman and Board of Supervisors Spring Lake Township Scott County, Minnesota

We have audited, in accordance with auditing standards generally accepted in the Unites States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Spring Lake Township, Scott County, Minnesota (the Township), as of and for the year ended December 31, 2023, and the related notes to the financial statements, and have issued our report thereon dated NEED DATE.

In connection with our audit, nothing came to our attention that caused us to believe that the Township failed to comply with the provisions of the contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, and miscellaneous provisions sections of the Minnesota Legal Compliance Audit Guide for Towns, promulgated by the State Auditor pursuant to Minnesota Statute §6.65. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Township's noncompliance with the above referenced provisions, insofar as they related to accounting matters.

This report is intended solely for the information and use of those charged with governance, management of the Township, and the State Auditor and is not intended to be and should not be used by anyone other than these specified parties.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Chairman and Board of Supervisors Spring Lake Township, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Spring Lake Township, Scott County, Minnesota (the Township) as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the Township's basic financial statements, and have issued our report thereon dated NEED DATE.

#### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Township's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Township's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit the attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying Schedule of Finding and Response as finding 2023-001 that we consider to be a significant deficiency.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Township's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters required to be reported under *Government Auditing Standards*.

#### The Township's Response to Finding

The Township's response to the finding identified in our audit is described in the accompanying Schedule of Finding and Response. The Township's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# Abdo Minneapolis, Minnesota NEED DATE

# THIS PAGE IS LEFT BLANK INTENTIONALLY

Spring Lake Township Scott County, Minnesota Schedule of Finding and Response For the Year Ended December 31, 2023

<u>Finding</u> <u>Description</u>

Effect:

2023-001 Preparation of Financial Statements

Condition: As in prior years, we were requested to draft the audited financial statements and related

footnote disclosures as part of our regular audit services. Ultimately, it is management's responsibility to provide for the preparation of your statements and footnotes, and the responsibility of the auditor to determine the fairness of presentation of those statements. It is our responsibility to inform you that this deficiency could result in a material misstatement to the financial statements that could have been prevented or detected by your management. Essentially, the auditors cannot be part of your internal

control process.

Criteria: Internal controls should be in place to ensure adequate internal control over safeguarding

of assets and the reliability of financial records and reporting.

Cause: From a practical standpoint, we both prepare the statements and determine the fairness of the presentation at the same time in connection with our audit. This is not unusual for

or the presentation at the same time in connection with our addit. This is not di

us to do with organizations of your size.

The effectiveness of the internal control system relies on enforcement by management. The effect of deficiencies in internal controls can result in undetected errors in financial reporting. We have instructed management to review a draft of the auditor prepared financials in detail for accuracy; we have answered any questions that management might have, and have encouraged research of any accounting guidance in connection with the adequacy and appropriateness of classification of disclosure in your statements. We are satisfied that the appropriate steps have been taken to provide you with the completed financial statements.

Recommendation: Under these circumstances, the most effective controls lie in management's knowledge of the Township's financial operations. It is the responsibility of management and those

charged with governance to make the decision to accept the degree of risk associated with this condition because of cost or other considerations. Regarding the specific situations listed above, we would offer the following recommendations: 1) Utilize a disclosure checklist to ensure that all required disclosures are present and agree to work papers, and 2) Agree your accounting information from QuickBooks to the amounts

reported in the financial statements.

Management Response: The Township's management accepts the degree of risk associated with this condition

and thoroughly reviews a draft of the financial statements.
